

COUNTY CHAIRMEN NAMED FOR XMAS SEAL SALE WORK

(From Thursday's Daily)
"One of the best services given to any community is that of the nurse and in Prescott and its vicinity, the work has been unusually well conducted. Last year the committee pledged itself, if the sale of seals warranted to engage the services of a nurse, and this pledge was carried out. We want co-operation and good help in the Christmas seal drive. Those who are willing to assist should make it known at the headquarters in the chamber of commerce," yesterday declared Dr. C. E. Yount, who served as chairman for the official Christmas drive last year.

The seals have been sent to the business houses and it is earnestly hoped by the committees in charge that success will be met. The school children will be given their seals on Friday and an exhaustive canvass of the entire city will then be made.

The Christmas seal drive is not confined to Prescott. All the county is helping. Every dollar invested in these artistic seals serve a double purpose, for they help stamp out tuberculosis and they also send a real, genuine Christmas greeting.

MINING CO. IS SUED FOR LEIN

(From Thursday's Daily)
A suit to foreclose a laborer's lien against the Malapai Mining company was filed in the superior court yesterday by Paul Mathey, who alleges in his complaint that the defendant company is indebted to him in the sum of \$3,102.47 for work performed and for other considerations named.

Mathey worked for the company upon a verbal agreement with W. R. Sianafelt, representing the Malapai, from February 1, 1920, to November 25, 1922, for which it was agreed that he should be paid \$2,639.45, the complaint recites. Other items upon which the plaintiff declares the defendant company is indebted to him are:

For garage expense and supplies for an automobile used in the company business between February 1, 1920, and November 25, 1922, \$234.44; expense for supplies, \$172.50; for pay due Mrs. Mathey for work performed for the defendant company from June 1, 1922, to August 1, 1922, \$22.50; and a number of other items which Mathey declares bring the total up to the amount sued for.

The complaint was filed by Attorney John L. Sullivan. The Malapai Mining company is declared in the complaint to own ten mining claims in the Walnut Grove district.

RED CROSS IS OVER THE TOP

Annual Roll-Call for Members of Yavapai Chapter Exceeds Its Quota; Committee Chairman's Report is Read.

(From Thursday's Daily)
The annual membership drive of the Yavapai county chapter of the American Red Cross went over the top with some room to spare, it was announced by Mrs. William G. Greenwood, chairman of the Red Cross roll call committee, in a report to a final meeting of the roll call committee at Red Cross headquarters in the Community house yesterday afternoon.

Despite the slowness of the drive this year in gathering momentum, the quota of 1,000 memberships which had been set as the objective of the drive, was reached and passed. Mrs. Greenwood's report showed that 1,049 memberships had been received, and donations of \$177.85 made to the Red Cross.

One-half of the membership fund, \$524.50, will be retained by the Yavapai chapter to finance its work during the coming year, the other half being turned over to national headquarters of the Red Cross. The entire amount received through donations will likewise be kept by the local chapter for its work here. The memberships enrolled this year represent figures for the following parts of the county:

Prescott, \$595; Whipple Barracks, \$346; Humboldt, \$95; Kirkland, \$7; Mayer, \$6. Making up the total donations, \$177.85 was received in Prescott, \$26 at Whipple Barracks, and \$35 in Humboldt. In addition, the branch of the county chapter at Ash Fork has offered to donate all or part of its funds to the county chapter, amounting to almost \$400, Mrs. Greenwood reported.

Mike O'Donnell of Grant Pool Hall Receives Painful Flesh Wound in Freak Accident

An accidentally discharged bullet inflicted a painful flesh wound on Mike O'Donnell, one of the proprietors of the Grant pool room, Tuesday night.

The accident occurred when O'Donnell opened a drawer at his place of business, pulling it out with considerable force. O'Donnell was up and around again yesterday.

FRIENDS BEAR JUDGE FOLEY TO THE GRAVE

Pioneer residents of Prescott and McCabe attended the funeral services for Judge David Foley at Ruffner's chapel yesterday afternoon to honor the memory of the former justice of the peace of McCabe, who passed away Saturday night from complications brought on by old age and by injuries he received in a fall down the shaft of the McCabe mine 20 years ago.

The kindly and courageous character of Judge Foley was the theme of the funeral sermon preached by the Rev. Father Camilo Torrente, rector of the Church of the Sacred Heart. Afflicted for 20 years by internal hurts received in the fall down the mine-shaft, he bore his disability with fortitude, and for several terms served the county faithfully as justice of the peace at McCabe. Later he moved into town, and lived at the Palace hotel until his removal to the hospital two weeks ago.

Old friends of Judge Foley acted as pallbearers. They were James Coyne, Elmer Wells, Matt Hall, Sidney Birch, B. H. Smith and Robert Birch. Judge Foley was laid to rest in Mountain View cemetery.

EDISON CO. IS DRILLING GLEN CANON DAMSITE

The Southern California Edison company and the United States geological survey have forces of men at work in Glen canyon, core drilling at Lee's Ferry, according to Edward Smith, mine operator of this city and Ash Fork. The object of this drilling is to determine the formation of the bedrock and surface strata of the region, which is regarded as a feasible site for establishing the first dam of the Colorado river project.

Glen canyon is favorably located for this purpose, say those who favor it, affording a means of impounding a vast amount of water back of a natural damsite. If the geological formation of the territory proves satisfactory, Lee's Ferry will undoubtedly receive consideration in the selection of sites, according to Smith.

Government engineers, together with employees of the Edison company have established headquarters of considerable size at Lee's Ferry, which they will use as a base of operations for the whole region.

Mrs. Tod Browning, daughter of Mrs. Houghton of this city, will appear in this picture. Billed as Alice Wilson, she is playing the character of Mrs. Garnie Crest in "Making the Grade."

MRS. LOWRY IS LAID TO REST BY LOVED ONES

(From Thursday's Daily)
Mrs. Elizabeth Lowry, long a resident of Prescott and widely acquainted in the state and county, was laid to rest beside her husband and son, James R. Lowry and Lieut. James R. Lowry, Jr., at the Mountain View cemetery this afternoon, following the pronouncement of a solemn commitment to the grave by Dr. E. Lee Howard, pastor of the Congregational church.

Funeral services for Mrs. Lowry, who died at Mercy hospital Monday night at the close of an illness which lasted many months, were held at Ruffner's chapel at 3:30 o'clock yesterday afternoon, under the auspices of Golden Rule Chapter, No. 1, of the Order of Eastern Star, of which Mrs. Lowry was an honored member. The services were attended by many friends and acquaintances of the deceased, who witnessed the impressive Eastern Star ritual. Dr. E. Lee Howard pronounced the benediction.

From the chapel the funeral procession moved slowly through the city to the Mountain View cemetery, where the graveside ceremonies were held. The pallbearers were Messrs. E. J. F. Horne, H. D. Aitken, A. L. Smith, J. I. Gardner, John Merritt and W. H. Timmerhoff.

With Mrs. Lowry at the time of her death were her sister, Dr. Margaret Banta, of Los Angeles, who attended the deceased throughout her long illness, and her son, Malcolm G. Lowry. Coming to Prescott 32 years ago from Indiana, Mrs. Lowry made her home with the family of J. M. W. Moore, until her marriage with the late James R. Lowry in 1892, residing with her husband at their home on Grove street until Mr. Lowry's death in 1920.

Mrs. Lowry was recognized by all who knew her as a woman of unusual capabilities. An active member of the Eastern Star lodge, a devout Christian, she discharged with ability the difficult duties of matron of the county jail for a number of months, giving up her work when she succumbed to a nervous breakdown from which she never recovered.

CIVIL CALENDAR GOT UNDER WAY

(From Thursday's Daily)
The first two cases on the civil calendar in Judge Lamson's court yesterday were quickly moved off the docket, both cases being decided in favor of the plaintiffs by default of the defendants to appear. The case of William L. Kayser against William Feldt, et al., was decided for Kayser; and Mrs. Mattie Ella Jourdan was granted a divorce from Thomas Jourdan and accorded the right to resume her former name of Mattie Ella Sampson. Judge John A. Ellis represented the plaintiffs in each of these cases.

Several other divorce suits are scheduled to come up in division two this week, that of Stasia Robinson versus D. L. Robinson being set for this morning. A suit brought by Joseph Huber against George M. Johnson is set for trial Tuesday, December 12. R. B. Westervelt represents the plaintiff and Judge J. A. Ellis the defendant. A divorce suit brought by Mary E. Johnson versus H. Monroe Johnson is set for Saturday, December 16. Ellis & Lovelidge represent the plaintiff.

These cases will be followed by the series of suits in which the Jerome-Superior Copper company is the defendant. The first, that brought by LeRoy Anderson against the Jerome-Superior, will be tried Monday, December 18; those of Ira F. Thompson and of Bert Campbell against the Jerome Superior are set for trial the same day. Anderson, Gale & Nilsson will represent the plaintiffs, and Morrison & Morrison the defendants, in each of these three cases.

LEGION OFFICERS CHOSEN TO SERVE FOR COMING YEAR

(From Friday's Daily)
F. K. Steiner will be adjutant of Ernest A. Love post of the American Legion for 1923, it was announced yesterday by William J. Baker, commander-elect, who at the annual meeting of the post Wednesday night was chosen to serve the local legion as commander during the coming year.

Malcolm Carpenter, present finance officer, has been designated to continue in this position during the next term, and the Rev. E. A. Watts, pastor of the Christian church, has been appointed post chaplain.

Steiner ably served Ernest Love post as adjutant in 1921, prior to his departure for the Pacific coast and his return later to make entry with several other local ex-service men upon homestead lands at Casa Grande. Carpenter has been a capable officer in the post which he has held during the past year, co-operating with Commander Albert D. Akin to establish the legion upon a sounder financial basis. Mr. Watts is an ex-service man who served with the American forces in the world war, and has since taken an active interest in Legion affairs.

PRESCOTT MAN GOES TO A LARGER FIELD

(From Friday's Daily)
E. P. Seaman, who has been representative for northern Arizona for the past three years for the International Correspondence Schools of Scranton, Pa., has been appointed sales manager of the El Paso division and will move in a few days with his family to that city.

Mr. Seaman says he hates to leave Prescott, as he has enjoyed his residence here very much; but since he can supervise the division from El Paso better than he can from Prescott, it is imperative that he make his future headquarters in that city. Mr. Seaman has appointed C. T. Maib of Winslow to take over the territory that he has operated from Prescott. Mr. Maib will make Prescott his headquarters. Mr. Seaman came to Prescott four years ago, being transferred from El Paso to this city as manager of the Mountain States Telegraph & Telephone company. This position he resigned to go with the International Correspondence schools.

MASONIC STUDY CLUB TO DISCUSS LIBERTY

James Whetstone will give the principal talk of the evening and local Masons are planning to avail themselves of the opportunity of hearing it, as Mr. Whetstone is said to be a close student of the subject.

Frank G. Brown, who represented the state of Arizona at the recent meeting of the Masonic Service association at Kansas City, will give a resume of the work accomplished at that meeting. Dr. C. E. Yount will preside. Following the program refreshments will be served.

DETAIL MAPS SHOW FOREST ROADS, TRAILS

(From Friday's Daily)
The local forest service office has recently prepared detail maps of the Prescott, Tusayan and Coconino National forests and presented them to the Yavapai County Chamber of Commerce, where they are now on display. These maps have a definite value, as they plainly show the trails, roads and other landmarks of Arizona's great timber reserves. Robert Munro, deputy supervisor, prepared the map of the Prescott forest.

Copies of the maps, together with views of 25 or 30 local scenic points and a descriptive article, prepared by officials of the chamber of commerce, have been sent to the publication, "Off Trails Tours," edited at Oakland, Calif., by Colonel King Stanley. "Off Trails Tours," is said to be among the most unique publications in the country, devoted exclusively to the slogan, "See America First." Each issue contains views and descriptive articles of out-of-the-way beauty spots in America and places of note that are off the usual path of tourist travel.

This is but one of 12 publicity plans for Yavapai county which the local commerce body has sent out within the past ten days, it was announced at the chamber of commerce.

FORMER RESIDENT IN CALIFORNIA IS DEAD

(From Friday's Daily)
One of Arizona's honored pioneers, S. B. Fuller, has passed away, according to a letter received by Fred Reif of this city, from F. B. Stillson, a former resident of Prescott. Although Mr. Fuller had not been feeling well for some little time, his death was not expected, coming very suddenly from an ailment of the heart. He died alone in his room at a San Diego hotel, and had been dead for some hours before the body was discovered. He was 79 years old. Mr. Fuller came to Arizona at an early date, and has a host of friends throughout the state. He was engaged in various enterprises while here, working in this city for a number of years.

ANGELENOS PUBLISH BOOKLET OF JOURNEY

All members of the Yavapai chamber of commerce are to receive a booklet prepared by the Los Angeles commercial organization containing the story of the recent Golden Rule sociability tour through Arizona by 115 Angelenos.

This information was conveyed in a letter received yesterday by the local chamber of commerce from Frank Wiggins, secretary of the Los Angeles organization, in which Wiggins asked for a list of the members here. It is said that the pamphlet will be quite attractive, including views of Prescott, Jerome and other parts of Arizona.

CHIEF ELECTRICIAN RECEIVES PROMOTION

SOPHS WIN RAGGED GAME; CLOSE SCORE

The Badger sophomores yesterday came off victors by one point in their clash with the freshmen, winning the game 37 to 36. Though the contest was a little ragged, due to early season lack of practice, some good work was seen. Flinn and LePage put up a game defense for the sophs, and Simpson ably hindered the enemy around the freshman goal. Scott threw more freshman goals than any one, while Dumont put over the winning toss for the sophs.

MAN SAYS HE WAS ATTACKED; POLICE DISCREDIT STORY

(From Sunday's Daily)
Reports that a man had been knocked unconscious and robbed of \$400 in an alley near the depot early yesterday morning could not be confirmed yesterday afternoon, until a man giving his name to a Journal-Miner reporter as Dick Stolt, until last week an employee of the road department east of town, declared he had been slugged and robbed of two pocketbooks containing \$400 in \$20 bills, a finger-ring and other trinkets.

Only keys were left him, Stolt declared, and said that his shirt had been slashed by a knife for about seven inches, barely drawing blood from a slight cut on his stomach and that his left hand was also slightly cut.

Stolt declares he lay unconscious in the alley between North Cortez and Marina streets, in the block north of Willis, where he alleges he was assaulted. He lay there for an hour, he thinks, and upon recovering consciousness made his way to the Grant cafe. He declares he was kicked and otherwise maltreated until black and blue about the stomach.

The report that such an assault had occurred was not credited by officers after spending the day in looking the matter up. At the sheriff's office the Journal-Miner was informed that the report had not reached there until 1:30, that the chief of police was investigating the matter, and that it was a city affair. They had not seen or talked to Stolt, they said.

Chief of Police McMahon last night informed a representative of this paper that as far as he knew the alleged assault had not taken place; that he had seen and talked to Stolt and that as far as he could determine no such occurrence as Stolt had described had taken place.

Stolt said he had planned to go to Phoenix today and that he believed several knew his plans. He had no enemies that he knew of. Asked about the matter yesterday afternoon, Sheriff Dillon said he understood the man assaulted had been "waving a handful of bills in the Grant cafe" Friday night. Reports of the supposed assault were common talk around several local pool halls and cafes early yesterday morning, shortly after Stolt declares he was attacked.

SECOND SESSION OF PATROL LEADERS IS HELD AT SCOUT HDQ.

(From Sunday's Daily)
The second session of the Patrol Leaders' Conference of the Scouts met last evening at Scout Headquarters at 7:15. The conference lecture took up the subject of administration and showed how scouting was largely dependent upon the boy leaders of a troop, and that, among others, the senior patrol leader, patrol leader, assistant patrol leader, troop scribe, treasurer and troop reporter must assume definite responsibilities if the troops are to succeed. The executive, membership, civic service, publicity, program, outdoor activities, and examination committees are very essential to the good working of the troop program, it was shown.

Patrol instruction covered the second class tests of semaphore signaling, pacing, fire-building and tracking. A ten-minute round-table on patrol activities was followed by games.

Next week's meeting will be preceded by an outdoor supper at 5:30 p.m. Scouts will read the directions on the headquarters door, and following trail signs, find the supper meeting place. After supper the third conference will be held at scout headquarters, dismissing at about 7:15. All the troops were represented at the meeting yesterday evening.

CRUELTY ALLEGED IN DIVORCE COMPLAINT

(From Sunday's Daily)
Cruel and inhuman treatment, excesses and outrages are alleged in a suit for divorce filed in the superior court yesterday by Beekie Bross against Sam Bross. The complaint, filed by Russell & Stack, further recites that the defendant "on sundry occasions made personal attacks on the plaintiff, beating and striking her with his hands, striking her head against the wall, and choking the plaintiff with his hands, cursing and swearing and addressing vile and opprobrious language to her."

The couple reside in Jerome, where they conduct a tailoring, cleaning and pressing establishment. They were married, the complaint says, in New York city, December 10, 1908. They have three children, a son, aged 13, a daughter, aged 7, and a son, aged 5, and community property valued at something over \$1,000. The plaintiff asks the custody of the children, and payment of \$150 a month from the defendant for their support and education.
